

Vessel port dues 2026 -Karlskrona Port

Dues are stated in SEK excl. VAT

Day is defined as 0-24h.

The dues in this tariff is charged vessels within Port of Karlskrona or other area owned and operated by the municipality.

Vessels with more than one measurement certificate, shall be charged accordingly to the certificate with the largest GT. Shipping agencies, owners, shipping companies and cargo owners are required to leave correct information regarding the vessels size and cargo.

If a vessel is not possible to cover its cost, the shipping agencies or owner are joint and several to the cost.
